

Employment Agreement: Training Library Developer

This document confirms a formal employment relationship for paid work.

Employee Name: _____

Organization: GOAT Ballers Soccer Club

Job Title: Data Entry Clerk

Role Description

You are hired to assist with the digital transformation of our soccer training library. Your responsibilities include:

- **Data Extraction:** Manually extracting text and image descriptions from existing digital session documents.
- **Data Correction:** Some images may need to be corrected.
- **System Input:** Accurately inputting these exercises into the GOAT Ballers web application.
- **Objective:** To populate the web app database to enable future automated session generation.

Work Logistics

The candidate must carry the work from their own laptop/PC, and the club does not provide one. The Club will provide them with an account and all the information required to perform the entries.

Communication will be mostly handled by chat.

Compensation & Terms

- **Wage:** \$17 per hour
- **Hours:** This is a flexible, project-based role. Hours will be mutually agreed upon based on the volume of documents to be processed.
- **Status:** This role is separate from any volunteer activities performed for the club.
